Complimentary Skin Consultations

~ Facial Treatments ~

All facials begin with an evaluation of your skin's condition then a treatment is customized for your skin's specific needs. All facials include cleanse, exfoliation, massage, masque, and selected serums. In addition, ultrasonic therapy devices are also used for deep cleansing, exfoliating, and product penetration.

Bella Visage Customized Signature Facial 75
This "results-driven" signature anti-aging facial treatment exfoliates and resurfaces the skin using fruit enzymes combined with natural acids and clinically corrective ingredients and is focused on stimulating cellular turnover, repair, and increasing circulation and metabolism for amazing results! *Customized to your skin type/condition.* (60 min)

Detoxifying & Purifying Acne Facial 95
Specifically for acneic skin and designed to fight bacteria, treat excess oil and help heal blemishes for clean, refreshed, healthy skin. Deep cleansing with steam and enzymes start this treatment, followed with extractions, ultrasonic deep cleansing, refining mask, high frequency and LED Light Therapy. (90 min)

Plumping & Firming Peptide Facial 100
With Toning and Tightening
Reveal your beautiful skin with this stimulating peptide enzyme facial treatment designed to firm and tighten by stimulating collagen and elastin. Potent serums and rich antioxidants deliver a Botox-like action to visibly smooth, lift and nourish your skin. Recommended for non-sensitive, aging/mature skin. (60 min)
